

MAKING PERSONALITIES WORK FOR YOU

Lumina Spark reveals your whole personality, providing a unique portrait of who you really are, your strengths and developments areas, on a 3 persona level. It looks at:

- **Underlying persona** - your instinctive way of being, your preferences and your natural inclinations
- **Everyday persona** - how you behave day-to-day, tuning up and down your qualities contextually
- **Overextended persona** - when you do too much of a good thing and overlay your strengths

No labels, no boxes, no stereotyping, Lumina Spark will increase your self-awareness and reveal hidden potential. This interactive session is designed to help you better under pressure, to obtain practical actions for improved teamwork and leadership. It will help you maximise your interactions with colleagues by providing rich personal insights on your preferred communications style. There is no end to using these insights as a toolkit in your personal and professional life, from preparing for a promotion, a job change or simply maximising interpersonal skills and relationships.

You have the option to add-on an individual review 1-2-1 of your Lumina Spark Report with a qualified Lumina Spark coach as part of this module.
